### **My Wanita:**

'Wanita' has started her campaign to get qualified for the Young Horse championships in 2012. She had her first ever outing on the 26<sup>th</sup> Jan at Hunters EC in an unaffiliated Prelim 14 test and scored an excellent 66.25% and the comment from the judge..."Lovely quality horse, now needs to gain confidence and relax frame, once achieved marks will rocket, an exciting horse" Praise indeed! She is back at Hunters on the 19<sup>th</sup> April for her first Badminton YH qualifier.

### **Breeding News:**

#### **Feine Frieda:**

'Frieda' in foal to Sandro Hit is already bagging up but is not due until the 26<sup>th</sup> May. We are watching her carefully. Watch out for the news on her!!!

#### **Moorlands Totilas Embryo Transfer:**

Seagry Rohsan produced a 1<sup>st</sup> quality embryo by Totilas which has been transferred to a recipient mare. This will be one of only 2 embryo transfers by Totilas in the UK this season. A Totilas foal from a mare of the quality of Rohsan, will be very special. As you can imagine we are all very excited! The pregnancy is progressing well and foaling is due in early July.

### **My Delight:**

Has been put to the exciting young stallion Don Frederic for the 2012/13 season and has tested in foal at the 14 day scan, so all fingers crossed that it holds tight!!! This is a 3yr old Schockemohle stallion which caused a sensation when presented at the 2012 Schockemohle Stallion parade. Have a look at this link to see him move, he is breathtaking !!! His qualities, including his suppleness, elasticity and amazing hind leg compliment the qualities of 'Maddie'.

### **Grading:**

## **OLDENBURG FOAL INSPECTIONS 2011**

### **CIRENCESTER:**

We presented both of this years foals at the Oldenburg Official inspections at Dr Bechtolsheimer's yard in Cirencester (Seagry Sanlluis and Seagry Diamour). I am delighted to report that both foals earned a 'Foal Premium'. The breed society is very demanding on standards and both foals received great praise from the inspector Dr Karsten Kuehl. The Premiums earned in the UK are of exactly the same demanding standard as those earned in Germany.

## **BEF FUTURITY 2011**

### **HARTPURY:**

We took two horses to Hartpury for the grading and both were awarded 'Higher First Premiums'. Seagry Sanlluis this years foal by Sandro Hit out of our First Heinrich mare, Feine Frieda, went first and were awarded 8.57 which made them the 13<sup>th</sup> highest scoring horse out of 56 entries. My Wanita our lovely 3yr old went one step further and scored 8.68 making her the highest scoring 3 yr old across all disciplines. She was the 11<sup>th</sup> highest scoring horse of the day. All in all a very satisfying set of results.

### CATHERSTON:

We took Seagry Diamour, our foal by San Amour out of My Delight (Dimaggio) to the BEF Futurity grading at Catherston Stud on the 16<sup>th</sup> August. She achieved a score of 8.68 and was awarded a 'Higher First Premium' well done Didi!!!!

### SEAGRY STUD MARES SHINE AT WBS (UK) GRADING

- Two of our mares, **Seagry Rohsan** and **Feine Frieda** went to the British Warmblood Society WBS(UK) grading on the 30<sup>th</sup> August at Hartpury. Of the 7 mares that were Graded as Elite and entered into the Select Studbook, **2 were from Seagry Stud**. Both mares scored very highly with Feine Frieda being awarded a Gold Medal and Rohsan a Bronze. Seagry Rohsan went on to be Performance Tested (see video on YouTube) where she was second best of the day in jumping and scored straight 8's for her three paces. She was awarded the coveted Silver Star. Their grading was as follows:
- **Feine Frieda** = scored 8 for Type/Saddle position/Frame/Front legs/Hind legs/Correctness/General Impression. She scored 8.5 for Head & Neck/Walk/Trot
- **Seagry Rohsan** = scored 8 for Type/Saddle position/Frame/Hind legs/Correctness/General Impression. She scored 8.5 for Head & Neck/Walk/Trot and 7.5 for Front Legs

Gold Medal for Feine Frieda   Bronze medal for Seagry Rohsan

## Yard Improvements:

Several important improvements have been carried out at the Stud:

**New Stocks:** We have designed and erected our own purpose built Stocks which are of a very sturdy construction and are superior to the majority of standard Stocks on the market.

**Frost Proofing:** Most yards have been impacted by the very low temperatures during the winter of 2010/11. At the stud we have carried out **frost proofing on the water troughs** in the fields used for winter Turn-out. The troughs have been lined on the outside with a layer of foam styrene and clad with treated wood. Insulated lids have been made and are put in place overnight to stop ice forming on the surface of the troughs. The result is amazing. No more carrying buckets or breaking ice.

In the stables a full '**Trace Heating**' system has been installed on all pipes. This is thermostatically operated and ensures that none of the pipes or drinkers will freeze. This was a costly installation but will prevent burst pipes and ensure clean fresh water for all the horses, regardless of the temperature.
